

BBCHS OPEN HOUSE

Thursday, November 1

Follow your child's schedule from course to course based on the time frames listed below. The information shared in each group is identical. Attend the round that best fits your schedule. We'd love for you to attend our breakout sessions to gain additional information pertinent to your interest and need.

Round 1 (4:30 - 5:56)

- 1: 4:30 - 4:38
- 2: 4:43 - 4:51
- 3: 4:56 - 5:04
- 4: 5:09 - 5:17
- 5: 5:22 - 5:30
- 6: 5:35 - 5:43
- 7: 5:48 - 5:56

Round 2 (6:22 - 8:00)

- 0: 6:22 - 6:30
- 1: 6:35 - 6:43
- 2: 6:48 - 6:56
- 3: 7:01 - 7:09
- 4: 7:14 - 7:22
- 5: 7:27 - 7:35
- 6: 7:40 - 7:48
- 7: 7:53 - 8:00

Please Note: PE courses will meet in the gyms that are listed on the schedule.

Breakout Sessions: Three breakout sessions will be offered tonight. We welcome you to attend one, two, or three sessions based on your interest and need. Breakout sessions are listed below.

- ▲ **5:35 - 5:56 (Session I: Concurrent with 6th and 7th hours of Round 1)**
- ▲ **6:02 - 6:17 (Session II: No classrooms open during this time)**
- ▲ **6:22 - 6:43 (Session III: Concurrent with 0 and 1st hours of Round 2)**

Breakout Session Topics

- ▲ The AP Experience
- ▲ Boiler Block and Social Emotional Learning
- ▲ Q&A with Counselors
- ▲ Navigating the Grade Book
- ▲ SAT and Resources
- ▲ KACC - Filling the "Skills Gap"

Breakout Sessions (Sessions will be repeated)

The AP Experience (E104) - Presenter: Mr. Rob White

85% of colleges report that a student's Advanced Placement coursework favorably impacts admission decisions. Stop in and learn about other benefits of enrolling in AP courses, supports available at BBCHS, and the next steps to get your child involved.

Boiler Block and Social Emotional Learning? (Library) Presenter: Mr. Evan Tingley

Boiler Block is our newly added school-wide support period between 2nd and 3rd hour. Come learn about the purpose of Boiler Block and how your student can use Boiler Block to further their own success. Emotions drive learning, decision making, creativity, relationships, and health. Our curriculum is designed to help educators and students use the power of emotions to create a healthier, and more equitable, productive, and compassionate society, today and for future generations.

Navigating the Grade Book (Main Office) Presenter: Dr. Brian Wright

Finding it hard to understand Infinite Campus and how a grade is determined? This session will clear up any confusion and help you be confident in checking your child's assignments and grades.

SAT and Helpful Resources (South Cafeteria) - Presenters: Mrs. Tiffany Kohl and Anne Kashantz

The SAT is again being administered to all juniors this spring as part of Illinois' state testing system. All ninth and tenth grade students will also be taking PSAT assessments. Come learn about the SAT suite of assessments, how results are used, and free resources that are available to help students prepare for the tests and make plans for after high school.

Q&A with the Counselors (North Cafeteria) - Presenters: Mrs. Kate Lippoldt and Counselors

Financial aid, college admissions, four-year planning, ACT or SAT, dual credit options, career exploration, transcripts - there's so much to learn! Our school counselors will be answering general questions in a panel format.

Kankakee Area Career Center (Boiler Room) - Presenter: Mr. Tim Guerin

This session will introduce you to what the Career Center can do for your child to prepare him or her for both college and the world of work. KACC offers twelve different areas of specialized study all of which lead to industry standard certifications, dual credit through our local community colleges, and a certification in WorkPlace Excellence.

IT'S A GREAT DAY TO BE A BOILER!
