

BUILDING BETTER

A Facility Improvement Plan Developed for Our Community by Our Community

We know there is a need to improve our school facility. The question is how. Let's work together to find solutions we can rally around as a community. BBCHS District 307 is hosting a series of community engagement workshops for input on the development of a long-range facility improvement plan.

SESSION SCHEDULE

SESSION 1

Discovery

Review "State of the District" presented by superintendent Dr. Matt Vosberg. Review information related to the current conditions physical and functional issues of BBCHS. Provide feedback on current conditions and identify additional information for review.

January 31

6:00pm - 8:00pm

BBCHS Auditorium

SESSION 2

Finance 101 & Starter Scenarios

Introduction of school finances related to facility improvement. Review starter scenario options as developed by district architect. Provide feedback and identify additional scenarios or variations to study related to costs and feasibility.

March 6

6:00pm - 8:00pm

BBCHS Auditorium

SESSION 3

Compare the Plans

Review solutions based on community priorities, life cycle costs, functional performance and cost benefit through QLEO analysis. Select top scenario(s) for further consideration to share for presentation to BOE.

April 3

6:00pm - 8:00pm

BBCHS Auditorium
