BBCHS Families,

During the spring semester, we administered a survey called the 5 Essentials in partnership with the University of Chicago. Teachers, families, and students across Illinois have the opportunity to participate in this annual statewide survey designed to generate a detailed and comprehensive picture of our school system. Thanks to your cooperation, we were able to hit our goal of 20% parent participation in order to get these survey results back.

Today we are going to share a few of those results with you. The ultimate goal is to provide transparency, as well as create an avenue for district-parent collaboration. Below you will find a series of questions in relation to some of the responses provided. We invite you to provide additional insight or answer any of the questions by emailing us at 5essentials@bbchs.org.

Question: How do you prefer to receive information?

Parent Response: 89% of parents prefer to receive information via text

District Action: Our communications and technology department has partnered with Blackboard Educational Technology Solutions for a Mass Notifications System. This system will allow for text capabilities allowing the district to send information via a variety of different methods. We hope to roll this system out in the fall!

Question: How likely are you to recommend this school to a parent looking for a school for their child?

Parent Response:

- 14% not at all likely
- 46% somewhat likely
- 38% extremely likely

Looking for your Feedback: If you answered 'not at all likely,' what are a few of the guiding factors that led you to this choice? If you answered 'somewhat likely,' what would you like to see from the district in order for your answer to become 'extremely likely?'

Question: The teachers and principal could do more to make the school a safe place.

Parent Response:

- 12% not at all
- 29% a little
- 35% somewhat
- 25% to a great extent

Looking for your Feedback: What are the action items teachers and the principal should take in order to improve your opinion of the safety at BBCHS? Are you aware of the safety measures we currently have in place? Are our current facilities a concern for safety?

Question: Overall, how satisfied are you with the education your child is receiving at this school?

Parent Response:

- 8% very dissatisfied
- 17% somewhat dissatisfied
- 46% somewhat satisfied
- 29% very satisfied

Looking for Feedback: Those who answered dissatisfied, what are a few of the guiding factors that led you to this response? Are there any topics you would like to see addressed? To those who answered somewhat satisfied, what does it look like for you to be very satisfied in the education your child is receiving?

Question: The school offers opportunities to participate in making decisions that affect the school community

Parent Response:

- 17% never
- 38% rarely
- 31% often
- 15% every time there is an event

Looking for your Feedback: Please provide an example of a topic that you would like to see parent feedback incorporated.

Thank you for taking the time and consideration to let us know your thoughts. We greatly appreciate parent and stakeholder feedback. In order to provide the best possible education for our students and community, we must all work together. Again, the email to provide your response is 5essentials@bbchs.org.

Thank you for your partnership, we look forward to hearing from you!

Matt Vosberg, Ed. D
Superintendent
